**TOTAL ACIDITY (TART. ACID): 5.7 gr/l.**

✕ Description:

*Cava de paraje calificado* with long ageing.

Intensely yellow thanks to its years of ageing. Very fine bubbles released gently but persistently, creating an excellent crown.

A clean nose with aromas of nuts and toast, harmonising with compote, honey and ripe fruit, especially peach. Notes of vanilla. There are also hints of freshly baked bread, brioche.

A full-bodied palate with perfectly integrated bubbles. This is a cava with a long, pleasant structure.
